2009

TO WHOM IT MAY CONCERN

The petition dated 2009 of , who graduated from Ege University Faculty of Medicine in with his diploma numbered and declares that he has been entitled to attend upper specialty training in the field of Child and Adolescent Psychiatry in John Hopkins University School of Medicine Hospital in Baltimore City, Maryland State, in the United States of America, beginning 2009, has been examined by our Ministry.

There currently exists in the Republic of Turkey a need for qualified medical practitioners in the field of Child and Adolescent Psychiatry as other fields and it has been considered convenient that the aforementioned physician can carry out trainings in the abovementioned field abroad in regard of the conducted specialty training by our Ministry.

has filed a written assurance with the government of this country that he will return to his country upon completion of training in the United States and intends to enter the practice of medicine in the specialty being sought.

This document is prepared upon the request of the medical doctor aforementioned.

Yours sincerely,
